5. Participants	i) Jakarta 3 persons HASIBUAN, Hasbi Eko Haryanto Regitta Maywidia Sari ii) Taipei 3 persons LIOU, Jui-Lin CHANG, Cheng-Bang CHANG, Jiun-Ming
6. Outline of Training · State of Training (Photo etc.,)	<p>Outline of the Course</p> <ul style="list-style-type: none"> - Lecture (Outline of Urban Planning, Transportation Planning) - Discussion on Urban Transportation and urban development (LINEAR CHUO SHINKANSEN, Medium scale Urban Transport System in Tokyo, etc.,) - Study Tour (Day2: Tokyo Waterfront Area, Shiodome, Oshiage, Day3:Shinjuku) - Discussion among Participants etc., <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  <p>Study Tour</p> </div> <div style="text-align: center;">  <p>Discussion among Participants</p> </div> </div>
7. Result	<p>TMG introduced some example of the advanced transport planning in Tokyo. Participants were able to share the each problems of public transportation and exchanged opinions to resolve them. In the questionnaire, participants all answered “very satisfied” or “about right” with the overall program. However, there were some comments that pointed out the lack of time for discussions. The comments will be considered for the next year’s program.</p>
