

■ “TR Town Planning Support,” a program by  東京都道路整備保全公社

Tokyo Community Based Road Maintenance Program is managed with the support of the Tokyo Metropolitan Public Corporation for Road Improvement and Management.

The Tokyo Metropolitan Public Corporation for Road Improvement and Management provides support for cleaning goods, jumpers, etc. to certified groups.

*Aid for acquiring jumpers is limited to groups certified for at least 3 years.

Also, we cover participating group's activities in the “TR-mag” PR magazine.

参加しませんか

We are recruiting resident and local company volunteers to give a hand in cleaning and greening the roads of Tokyo. Let's improve the roads of Tokyo together so that we can make pleasant use of them!

■ The “Tokyo Community Based Road Maintenance Program”

This is a program aimed at creating a comfortable road environment and improving road use manners by setting up a collaboration between the Tokyo Metropolitan Government, residents and local companies for beautification campaigns (i.e. cleaning the roads, planting/caring for plants).

▲ The 4th Regional Initiative - Road Planning Forum
 Left: “Flowers and plants for *Kan-Pachi* (Loop Route No 8)” Association
 Right: Edogawa Ward Seishin Daiichi Elementary School

Participation Requirements

- Only for groups i.e. residents' associations, neighborhood associations, shopping street groups, schools, companies, NPOs

Activities

- **Cleaning** Gathering wastepaper, cans, cigarette butts, fallen leaves
- **Greening** Plant care, changing flower seedlings, planting

Place

- Sidewalks within Tokyo Metropolitan roads
 TMG will check whether the areas proposed by participating groups are appropriate.

Support for the Activities

▲ Sign board

- **Sign Placement**
 TMG sets up one sign board displaying the name of groups for each activity area upon requests from the participating groups.

- **Support for procuring cleaning tools, flower seedlings**

As a general rule, costs for the campaign are to be bore by the participating group. However, TMG offer partial aid for buying cleaning tools, flower seeds and seedlings.

【Financial support restrictions】

1. The maximum amount of funds is 80,000 yen per year, per group
2. The aid is limited to items directly required for the activities
3. Aid receipt is limited to certified groups.

※We ask participant groups to make sure volunteers are covered by accident insurance!
